## Professional Summary

Aspiring Software QA Intern with a strong passion for software quality and reliability. Experienced in manual testing, API testing using Postman, and automation testing exposure using Playwright and Selenium. Certified Postman API Student Expert, currently advancing skills in automation testing and modern QA practices. Combines solid programming knowledge with a strong understanding of SDLC and STLC, supported by hands-on academic projects and collaborative technical involvement.

## Academic & Practical Experience

### Engagement Analytics Platform for Virtual Learning – Tech Snatchers (Group Project)

Quality Assurance & System Integration

2025 – Present

- Designed and executed manual test scenarios for authentication workflows, role based access control, and session management features
- Performed API testing using Postman to validate REST endpoints, request/response structures, and error handling
- Developed and executed automated UI test scripts using Playwright to validate critical UI workflows and application behavior
- Investigated defects using browser developer tools (console logs and network activity) to identify root causes
- Tested real time features including live sessions, quizzes, and WebSocket based interactions
- Conducted performance and load testing using Locust by simulating multiple users and analyzing network metrics such as RTT and jitter under varying connectivity conditions
- Performed data validation testing to ensure accuracy of engagement analytics, clustering results, and feedback generation

### Web Application Testing – Selenium (Practice Project)

Automation Testing

Present

- Developed automated UI test scripts using Selenium WebDriver to validate login functionality and form workflows
- Automated functional test cases including authentication, form submission, and navigation flows
- Used XPath and CSS selectors for element identification and dynamic UI interaction
- Currently improving automation testing skills using TestNG and Java

## Leadership & Volunteering

### Assistant Secretary – IEEE Student Branch

Leadership & Administration

RUSL

Dec 2023 – Feb 2025

- Supported administrative operations, documentation, and internal communications
- Coordinated meetings and collaborated with executive committee members
- Assisted in organizing technical events, hackathons, and workshops

### Web Development Team Member – IEEE Women in Engineering (WIE)

Web Development & Technical Support

RUSL

2024 – 2025

- Contributed to the development and maintenance of web based content for WIE initiatives
- Supported event promotions and technical activities through web solutions

## IEEE & WIE Student Member & Volunteer

2023 – Present

- Active member of IEEE Student Branch and IEEE Women in Engineering
- Volunteer for technical activities, workshops, and student led initiatives
- Organizing committee member for Mini Hackathons and AI driven technical events

## FOSS Volunteer

2024 – 2025

INSL 2025 & IEEEExtreme 2024 & 2025 – 1st Place (University Level Team)

---

## Skills

**Software Testing:** Manual Testing, Test Case Design, Test Scenarios, Bug Reporting, SDLC, STLC, Root Cause Analysis

**QA Tools:** Postman (API Testing), Playwright (Automation Testing), Selenium WebDriver, Locust (Performance Testing), TestNG (learning), Pytest (basic), JIRA (basic), Git, GitHub

**Programming:** Java, C++, Object Oriented Programming (OOP), SQL (basic)

**Web & APIs:** REST APIs, JSON, HTML, CSS (basic)

**Debugging & Testing Techniques:** Browser DevTools, Console Log Analysis, Network Inspection

**Cloud & DevOps:** AWS Fundamentals (EC2, S3, IAM – learning)

---

## Education

### Rajarata University of Sri Lanka

*Bachelor of Science in Information Technology*

*Current GPA: 3.65*

2022 – Present

### ESOFT Metro Campus

*Diploma in Information Technology*

2022 – 2023

---

## Certifications

Postman API Fundamentals Student Expert – Postman

Hackathons Participation Certificates (IEEEExtreme 2024, 2025)

Project Idea Presentation Participation Certificates (INSL 2023, 2024)

Selenium WebDriver Automation Testing – In Progress

---

## Languages

**English** – Full Professional Proficiency

**Tamil** – Native / Bilingual Proficiency
